Subject: VB I-70 OU2 Documents

Hi Sam,

If we don't have the quarterly groundwater monitoring documents, can we request that information from CCoD? In addition, if they have, or are willing to provide any of the data in an electronic format, that would be useful. However, I'm not sure if we want to push any buttons. Mainly the soil data in electronic format would be the most helpful as there is much more of it.

Thank you,

Andrew
